

**Valvola compensatrice di pressione con raccordo Femmina DIN
in acciaio inox DN 50**

Art. **E 25**

PRESSIONE: + 0,02 Kp/cm²
DEPRESSIONE: - 0,02 Kp/cm²

Pressure compensating valve with threaded DIN
female coupling in DN 50 stainless steel.
PRESSURE: + 0,02 Kp/cm²
DEPRESSION: - 0,02 Kp/cm²

Druckausgleichventil NW 50 (Be- u. Entlüftung)
federbelastet, zum Aufschrauben. Druckbereich von
- 0,02 bis + 0,02 Kp/cm².

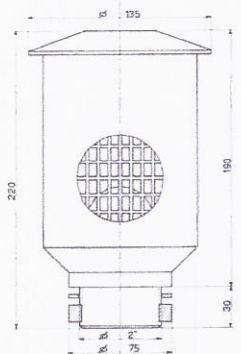

Soupape compensation pression / depression avec
nez fileté à souder DIN en inox DN 50
PRESSION: +0,02 Kp/cm²
DEPRESSION: -0,02 Kp/cm²

Válvula de compensación de presión con macho
DIN de acero inox dable DN 50
PRESION: +0,02 Kp/cm²
DEPRESION: -0,02 Kp/cm²

**Valvola compensatrice pressione/depressione in
polietilene Ø 2"**

Art. **E 26**

2" dia. pressure/depression compensating
valve in polyethylene

Polyäthylen Druckausgleichventil. Ø 2"

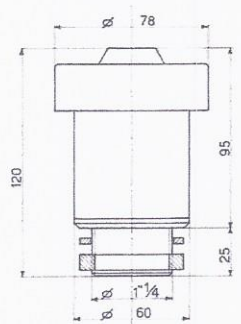

Soupape compensation pression/dépression en
polythylene Ø 2"

Válvula de compensación de presión/depresión
de polietileno diám. 2".

**Valvola compensatrice pressione/depressione in
polietilene Ø 1 1/4.**

Art. **E 27**

1 1/4 dia. pressure/depression
compensating valve in
polyethylene

Polyäthylen Druckausgleichventil. Ø 1 1/4

Soupape compensation pression/dépression en
polythylene Ø 1 1/4

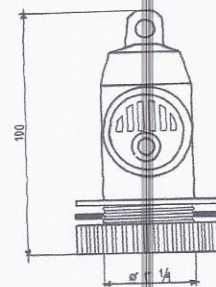

Válvula de compensación de presión/depresión
de polietileno diám. 1 1/4.

Art. E 28

Valvola compensatrice pressione/depressione in polietilene Ø 1"1/4.

1"1/4 dia. pressure/depression compensating valve in polyethylene

Polyäthylen Druckausgleichventil. Ø 1"1/4

Soupape compensation pression/dépression en polythylene Ø 1"1/4

Válvula de compensación de presión/depresión de polietileno diám. 1" 1/4.

Art. E 29

Valvola di sfianto di gomma

Rubber vent.

Entlüftungsvent aus Gummi.

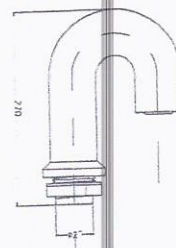

Soupape en caoutchouc.

Válvula de escape de goma.

Art. E 32

Sfianto libero curvo in polietilene ø 2"

2" Diameter cuerved vent pipe in polyethylene

Freier gebogener Entlüfter aus Polyäthylen ø 2"

Event coudé aus polyéthylène ø 2"

Escape libre curvo de polietileno diám 2"
